

# MMS MASTER SCHEDULE (PRELIMINARY)

03/11/09

ATP – Authority to Proceed  
AO – Announcement of Opportunity  
CDR – Critical Design Review  
Dev – Development  
DT – Demonstration  
EPD – Energetic Particle Detection  
FOR – Flight Operations Review

HPCA – Hot Plasma Composition  
I – Instrument  
IS – Instrument Suite  
KDP – Key Decision Point  
LSTO – Launch Services Task Order  
LV – Launch Vehicle  
MDR – Mission Definition Review

MOC – Mission Operations Center  
Mod – Modification  
MOR – Mission Operations Review  
NAR – Non-Advocacy Review  
Obs – Observatory  
Ops – Operations  
ORR – Operations Readiness Review

PDR – Preliminary Design Review  
PER – Pre-Environmental Review  
Pre-NAR – Preliminary NAR  
PRR – Production Readiness Review  
R – Release  
RFP – Request for Proposal  
SC – Spacecraft

SDR – System Design Review  
Sims – Simulations  
SIR – System Integration Review  
SOC – Science Operations Center  
Sp – Spares  
SR – System Requirements Review  
Structural Test Model

SwRI-Southwest Research Institute  
TVAC – Thermal Vacuum  
Obs – Observatory  
B/L – Baseline

Status as of: 03/02/09
